

JT-F811

Broadband Connection Oriented Bearer Service

1.Relations with international standards

This standard is based on ITU-T Recommendation F.811 that was approved in August 1992 by accelerated procedure.

Note)

Reflecting agreements of WTSC-93, read as follows:

- "CCITT recommendation" as "ITU-T Recommendation";
- "The organization of CCITT" as "ITU-T"; and
- "CCITT plenary assembly in March 1993" as "World Telecommunication Standardization Conference (WTSC-93)".

2. Summary of departures from ITU-T Recommendation

None
