JT-H310
Broadband audiovisual communication systems and terminals

< References >

1.Relations with international recommendations

This standard describes technical requirements of broadband audiovisual communication systems and terminals, and conforms to the ITU-T recommendation H.310version2 which was decided in the ITU-T SG16 meeting held in September 1998, and also conforms to the Implementor's Guide which was revised in the ITU-T SG16 meeting held in February 2000.

2.Departures from the above international recommendation

2.1 Optional items

None

2.2 National matter items

None

2.3 Others

(1) None of the items in this standard are preceded to the above
ITU-T recommendation.

(2) None of the items in this standard are added to the above
ITU-T recommendation.

(3) None of the items in this standard are deleted to the above
ITU-T recommendation.

(4) None of the items in this standard are modified to the above
ITU-T recommendation.

2.4 Differences from the above ITU-T recommendation on the framework

None

3. Up-dating

Version	Date	Contents
Version 1	April 23,1997	Enactment
Version 2	April 22,1999	Revision
Version 2.1	November , 2000	Revision
